

### 340mA 3W White Framed PV Panel

#### Product Description:

- 1). White plastic frame
- 2). Terminal box on the panel back and ready to use
- 3). Waterproof, scratch resistant and UV resistant
- 4). Glass lamination
- 5). Lightweight and easy to integrate with battery charge

#### Specifications:

Model No.: A-33

Dimensions: 160mm × 190mm

Type of Solar Cell: Poly-crystalline solar cells

Quantities of Solar Cell: 18 pieces

Peak Power: 3 Watt

Power Tolerance: ±10%

Peak Voltage: 9 Volt

Peak Current: 340 mA

Open Circuit Voltage: 10.8 Volt

Short Circuit Current: 370 mA

Product Warranty: 2 years

Delivery Time: 20 days

Storage Temperature: -40°C ~ 85°C

Operating Temperature: -40°C ~ 85°C

Test Conditions: 1000watt/m<sup>2</sup>, AM1.5 and 25°C
