

5.5W Semi Transparent Solar Panel

Product Description:

- 1). Semi transparent design
- 2). Terminal box on the panel back and ready to use
- 3). Waterproof, scratch resistant and UV resistant
- 4). Semi flexibility
- 5). Lightweight and easy to integrate with battery charge

Specifications:

Model No.: A-35

Dimensions: 320mm × 160mm

Type of Solar Cell: 5 inch solar cells

Quantities of Solar Cell: 18 pieces

Peak Power: 5.5 Watt

Power Tolerance: ±10%

Peak Voltage: 9 Volt

Peak Current: 610 mA

Open Circuit Voltage: 10.8 Volt

Short Circuit Current: 670 mA

Product Warranty: 2 years

Delivery Time: 20 days

Storage Temperature: -40°C ~ 85°C

Operating Temperature: -40°C ~ 85°C

Test Conditions: 1000watt/m², AM1.5 and 25°C
